

# LET'S MAKE SOME MONEY!

**EARN!**

**DID YOU  
KNOW?**

**Ever wonder how the adults in  
your household earn money?  
Put on your 'curiosity hat' and  
find out more about their work!**

## **TODAY'S CHALLENGE**

- Think about where your Parents or the Adults in your house go to work.
- Do you know:
  - Where they go to work?
  - What they do every day?
  - Who they work with?
  - How do you think they earn money?
- Write down your answers and then ask your Parents or Adults the same questions and see if your understanding is the same as theirs.
- Now imagine what you could do to earn money, now, or even when you are older.

# LET'S MAKE SOME - MONEY! -

What you do for work can help your own children think about their own interests and how they can earn money when they grow up. This activity is designed to help kids reflect on how their parents or family members earn money.
