**CHANGING
TRENDS!**

SPEND!

**DID YOU
KNOW?**

**Just because everybody is buying
something does not mean you
have to buy it too! See how you
can avoid wasting money!**

**TODAY'S
CHALLENGE**

- Look at all the toys in your room. Which toys haven't you used in a while, or are no longer popular?
- Think about whether it was worth buying them. Why or why not?
- Next time you want to buy something because everyone else has it, think about its true value to you.
- How quickly will it go out of fashion? Should you spend your money on something more important?

CHANGING TRENDS!

This activity encourages your child to think about changing trends. It teaches them to ask whether something is truly worth buying or whether it's just a trend that will quickly pass.
