

# INVI\$IBLE MONEY!

**SPEND!**

**DID YOU  
KNOW?**

**Some money is invisible! When you  
use an Adult's credit card to pay  
for something, you're still  
spending real money.  
Find out how it works!**

## **TODAY'S CHALLENGE**

- Do you or someone in your household buy things online? Groceries, clothes, games?
- How do they pay for it? Where does the money come from?
- Ask a Parent or an Adult how they use a credit or debit card instead of cash. Next time they buy something in a shop or online, using a credit card, ask them how it works.
- Can they show you how the money comes out of their bank account? Are there other costs involved, like interest?

# INVI\$IBLE MONEY!

This activity introduces your child to the increasingly important concept of Invisible Money. With more payments being made digitally, teach your child how money is spent when making a payment online, instead of using cash.
