DID YOU KNOW?

**A smart shopper compares the
cost and quality of similar items
before buying something.
Are you a smart shopper?**

TODAY'S CHALLENGE

- One of the good things about online shopping is that you can easily research and compare things, before you make a purchase.
- Is there something you need or want to buy? Have you compared it with similar items?
- Look online with your Parent or an Adult, can you find the two best options for your purchase?
- Compare the cost and quality of those two options. Which one would you choose?
