

WHAT I WANT - TO DO - SOMEDAY!

EARN!

DID YOU
KNOW?

You have lots of interests and many passions! Let us imagine what it would be like if those passions turned into your job when you grow up!

TODAY'S CHALLENGE

- People have many different types of jobs. List as many jobs you can think of e.g. Doctor, Astronaut, Teacher, Engineer, Artist, Dancer? Make as long a list as possible!
- Think about the different skills needed in these jobs, such as making things, selling things, helping others? How do you think the people in these jobs make money?
- Then think about your passions and what kind of a job you would like to do when you grow up. Or even better, DRAW it out!
- Talk to your Parents or an Adult about what kind of skills you will need to develop to do that job.

WHAT I WANT - TO DO - SOMEDAY!

Figuring out one's interests is the first step to figuring out one's ideal job. This activity will encourage your child to make the connection.
