

# YOUR VERY OWN BUSINESS\$!

EARN!

**DID YOU  
KNOW?**

**You could be an Entrepreneur!  
With lots of ideas and careful  
planning, let's see if you can  
start your very own business!**

## TODAY'S CHALLENGE

- What business could you start? Is there something you could sell that people will want to buy?
- You could try it out with cookies! Think about what it would cost to make cookies. How much are the ingredients? Do you need boxes to put them in?
- Now, think about the price you could charge for your cookies in order to make a profit. Will people buy them for that price?
- Ask your family how much profit they think you could make! Maybe they can even help you start your own cookie business!

# YOUR VERY OWN BUSINESS\$!

Develop your child's entrepreneurial spirit and encourage them to have fun starting their very own business. This activity helps your child consider how they could earn money by running a business.
